Moderate in Render.com

PROFILE

Dynamic MERN stack developer with expertise in HTML, CSS, and JavaScript, complemented by proficiency in React.js for front-end and Node.js, Express.js, and MongoDB for robust back-end development. Eager to contribute fresh perspectives and technical skills to innovative projects as a dedicated team member

PROJECTS

Famms Ecommerce Website

React JS | Node JS | Express JS | MongoDB

- Designed and deployed a fully functional e-commerce platform using the MERN stack, demonstrating proficiency in end-to-end web development.
- Implemented essential security measures, including authentication, and authorization, resulting in a notable 51% enhancement in overall security.
- Demonstrated a keen understanding of the delicate balance between user experience and security, contributing to the creation of a secure, user-friendly eCommerce solution

Live Project : <https://mern-front-kqs2.onrender.com>

Famms Frontend Website

React JS | React Bootstrap

- Developed a dynamic front-end website using React.js, showcasing expertise in building modular and interactive components.
- Ensured full responsiveness across devices with comprehensive media queries, delivering a seamless user experience on desktop and mobile platforms
